The image shows the interior of a truck cab, focusing on the dashboard and center console. On the left, a steering wheel is partially visible. The dashboard features a large digital instrument display (DID) on the right side, which is illuminated and shows various metrics: a large speedometer reading '62', a tachometer reading '59', a fuel gauge reading '94', a temperature gauge reading '75', and a battery gauge reading '96'. Above these gauges, there's a 'Driver Coaching' section with a line graph. Below the gauges, there are icons for 'Overview', 'Engine & Gear', 'Load', 'Airbrake', 'Service', and 'Adapt'. To the left of the DID is a nine-inch side display showing navigation information, including a map, a turn instruction 'in 500 m Turn right', and other driving data like '305', '106', and '12:58'. The center console has a control panel with buttons for '1', '2', '3', '4', 'AC', 'AUTO', and various vehicle functions. Below the console, there are three USB ports and a gear lever area.
